WILSON'S IMPROVED

momerial set forth the cause of those oxorbifant charge, viz. a combination of Eastern mills to cheese not what they
can afford to sell for, but for what
it would cost publishers to disport apper
from alread; and pay the 30 per cent gold
duty which the law exacts. Paper has alanmer and soll, of a far being questy than the
domestic article, could be ladd down in New
York for 18 to 19 cents per pound in currency;
but when the 30 per cent tarift, payable in
gold, came to be added, the difference beincon the cost and the combination prices
was hot sufficient to before the price of the
menopolists, by abating a part of their
monopolists, by abating a part of their
enormous profits to undersell them. It was
also shown that the Concoment had no interest in cost usually the 30 per cent gold duty,
as it derives no income therefrom, because no
"print' is imported. The manufacturers are
embled to fix their prices just at that figure
which existed simportation, and yet gobbles
the 30 per cent gold duty. The downment
lass immense consumer of paper. Duting
this pastelighs monthelit has been mon than a
which soldiers become the downward of the country,
is to bring money into the Treasury to defeas,
public expenses and support the fovernment.
If had for any other pursoes, it becomes,
a missine. A tax that produces of revenue,
and operator to increase the price of an indportant atticle of general coassampaion, is to a the.

No. 10 WARREN AVENUE,
BOSTON, December 26, 1864. Not long slove a chrewd Yankee came to Boston from New Hamshire to engage in tusi new. He first engagement, was to drive back for the accommodution of the visitors at hack for the assemmodution of the virtors as-that fashionable and elegant hotel, the Re-versible of the second party of the charge of two fagiths gentlemen, who desired to see Boston and its engines. After a brief visit to the Navy I grid, they ordered the driver to lake them to fluther Hill. Arriving fibre, the two gentlemen apent much time to mat-ing a through a maintaint of the ground and its serroundings. Having actisted their curi-sistence of the production of the ground and its serroundings. Having actisted their curi-CATTLE—The market for Boot Cultie confi call. Government contractors complain that U Sam herather dilators in figurating his cells, and sequently they are ob aged to "stop the machito have this particular manufacture perfected.

Not only is cotton injured by crossing the
occan, but its strength is materially diminished by the length of time which clapses between its minuscrure and its use. All companies that use swing-machines have also an
interest involved. It will be a great convement for such companies to order an unitaried supply of thread of the exact size they
require, which cannot be done with ease when
the order is trains. Attanto.

Those ladies who still cling to the idea of
lowering the price of gold may be glad to
know that millions are experted annually to
pay for spool cotton. Nothing, but a foolish
produced in favor of the foreign articles stands
in the way of the entire successor the Hadley cotton. On the other hind, may than
one modre may be presented to hyal women
in favor of its use.

Sometime since a purely charitable efforewas used by a few capitalisms to help the
readmen of Pert Royal in the cultivation of
sea bland cotton. We over it to the freedmen to admits that this introduced charity
turned out a producible adventure, and every
year this crop is likely to increase. Hithertoo
the Sea Island cotton has been donesued by
Regillah manufactures, but if the Haddiy
Company is succhaired, it will be able to say
to the charitaties capitalists and to the fronte PINANCIAL AND COMMERCIAL. FREETERS TOCCO'S DO GROUND IN the THIS rinn, and octofders are leading at 15400 per cont fee anome.

Eastern Breinings is a shade easter, but there is no material change in rates. The banks 16-day were trying at fellocount and soliling at a prom-ind conic budthurium sold to each other at par The demand is fair. on de-micels and other a tides; that an on-linker are obliged to import. Tids repeat was signed by the publishers of fourter New York fathles, at the head of which wise the New York Bereill, Pribuse and There. A These, and kinetus Brooks, of the Mapris, the pince the memorial of the New York Associated Press before Congress. Mr. Brooks made one trip little before the recess, and spent some days talking with the Eastern members but he stylect.

The new Mariana publishers book similar action, and numerously signed a manorial praying for a reveal of the impost on printing Church, its rights, and its discipline do not claim, the separations and out-discrete under pair of sin and low of the Catholic profession. If they do not present of the Country of Bulls and manners. ing at \$2.14, utwancing to \$3 it, and closing heary at \$2.35. The demand was chiefly on accordant of their scallers. Silver was standy at \$2.05, with high offerings.

Coverament bonds are steady, with a \$2.05, with high offerings.
